Step 6 -Your Tech Stack Summary + Cost Estimate

Instruction: Write the tool you selected for each category and estimate the cost. If a tool is free, write \$0. If pricing varies, estimate the tier you're most likely to use.

Your Tech Stack Overview			
Category	Tool Selected	Estimated Monthly Cost	Estimated Annual Cost
Scheduling		\$	\$
Client Management Software		\$	\$
Messaging Platform		\$	\$
Marketing / CRM		\$	\$
Optional Tools (e.g., social scheduling, website builder)		\$	\$

Estimated Total Cost of Tech Stack

Monthly Total:

\$ _____

Annual Total:

\$ _____

Evaluate Your Investment

This will help you decide if the tools match their business level.

Does this cost align with my current client load and revenue?

Are there tools I can remove or consolidate?

Are there tools worth adding based on my growth goals?

Step 7 — 30-Day Action Plan

Within the next 30 days, I will:

→ Set up: _____

→ Test with: _____

→ Remove unnecessary tools: _____
