

CALL SETTING SCRIPT TEMPLATE

Hey NAME, thanks for the <comment, like, emoji> on my post.

I'm curious what your goal is for your health and fitness at the moment?

Any Goal

Nice, that's totally doable.

If you don't mind me asking, how's it been going with <goal> right now?

Pain Gap

Ok, that makes sense.

What's been the biggest challenge getting from there to <goal> right?

Challenge

Yea, I hear that a lot, you're definitely not alone.

Curious how your stress levels are from work? What do you do for a living?

Any Job

Gotcha, that's helpful to know.

Do you have a few minutes to hop on a quick call with me <choice of two times>? I have a few questions for you and would love to share what's been working for our community, and I'm sure you'll have some questions, too.

Later

Cool, no worries, here's a link to my calendar. Does anything in here align with your schedule?

Let me know if that opens for you.

Follow Up

Hey NAME, did you find any time that works on my calendar? If not, what's a good day for you usually?

CALL SETTING SCRIPT TEMPLATE

It's rarely this smooth, and you'll definitely have to make some adjustments on the fly, but this is a proven script that works well for getting prospects on a call. Here's what to do when it doesn't go as planned:

Hey NAME, thanks for the <comment, like, emoji> on my post.

I'm curious what your goal is for your health and fitness at the moment?

No Goal

No problem.

What would you like your fitness or health to look like?

No Pain Gap

Sounds like you have everything you need to reach your goal!

That's awesome. Let me know if I can support you in any way moving forward.

No Challenge

Sounds like you have everything you need to reach your goal!

That's awesome. Let me know if I can support you in any way moving forward.

No Job

Gotcha, that's helpful to know.

If you don't mind me asking, how are you managing with bills and expenses?

Disqualified for Any Reason

Gotcha, I hear you.

For your goal, I have a free <training, video, e-book> that you should check out:

<insert link>.

Take a look and let me know if you have any questions on that!
