

Part IV: Meal Prep Cooking Plating Prep Meals

Food plating and presentation is often one of the most overlooked aspects of meal prepping because of the common perception that it is difficult to pair and present food with only a few ingredients to work with. In this video, Chris demonstrates how he pairs his prep ingredients into meals that meet his targeted ratios while still looking delicious.

1. Ground Bison and Pasta 2. Steak with Sweet Potato, Vegetables, and Sourdough Bread 3. Salmon and Rice
4. Chicken with Rice Noodles 5. Cod with Rice, Asparagus, and Avocado 6. Chicken with Pineapple Rice, Vegetables, and Nuts 7. Chicken with Lime, Rice, Vegetables, and Avocado
