

Barriers to Exercise and Healthy Eating Survey

Below is a list of barriers people might experience when trying to improve their exercise and eating habits. Review the list of barriers provided. Use the following scale to rate each barrier, once for exercise and once for healthy eating.

Not a current barrier	Rarely a barrier	Sometimes a barrier	Often a barrier	Very often a barrier	Always a barrier
0	1	2	3	4	5

Barrier	Exercise	Healthy Eating
Lack of time		
Lack of willpower		
No motivation		
Family is sedentary		
Friends are sedentary		
Fear of injury		
Lack of skill		
No energy		
Lack of enjoyment		

List any additional barriers that are stopping you from regular exercise and/or healthy eating:
